

Banish Wrinkles With High-Quality Botox Treatments

LA Laser Center in Westwood, CA is the premier Los Angeles Botox and laser center, where dermatology is not just a science, but an art. Botox remains one of the most popular [cosmetic procedures](#) in the US thanks to the excellent work of practitioners like our own Dr. Taheri, who has more than 18 years of experience in the cosmetic dermatology industry. Combining affordable pricing, amazing results, and such a vast professional background, LA Laser Center is hard to compete with when it comes to making the people of Los Angeles look and feel beautiful.

Our Botox Treatment Procedure

We use Botox to treat a variety of wrinkles including crow's feet (lines around the eyes), forehead wrinkles, and lines between the eyebrows. A non-invasive procedure, Botox works via injections from tiny needles into the muscle creating the wrinkle. However, side effects, such as slight pain at injection sites, are generally mild and last only a few moments. The dermatology experts at LA Laser Center provide full-strength Botox treatments that result in the smooth, relaxed, youthful appearance clients yearn for, and treat the procedure the way it should be treated: as a refined art and science.

Excellence & Commitment to Our Patients

Dr. Daniel P. Taheri's industry experience, coupled with his unbeatable pricing, makes LA Laser Center the best choice for Botox injections and a host of other cosmetic procedures. The Southern California dermatologist and his team of [board-certified physicians](#) specialize in wrinkle fillers including Juvederm, Radiesse, and Restylane, which make achieving a smooth, youthful appearance without surgery possible.
