### **3<sup>rd</sup> Person Traditional**

Working with Bob is always a valuable experience. With a diverse background in business management and an expertise in marketing, Bob's comprehensive SEO and digital marketing strategies have taken a wide variety of companies to the next level.

As an SEO expert, Bob makes a point of really listening to his clients' needs and developing customized marketing campaigns, from local SEO to nationwide branding initiatives. His central focus is always a solid return on investment for clients, in addition to dramatically-increased brand awareness.

Bob's company, R&S Marketing, also provides stellar web design services that help businesses woo potential customers with visually-stunning online storefronts. He then implements SEO, social media, and email marketing strategies to ensure "potential" changes to "loyal" customers. And as online reputation management consultant, Bob utilizes innovative software and time-tested methodologies to closely monitor online reviews, comments, and overall brand engagement.

Connect with Bob today to find out how he can help grow your business and turn your potential customers into loyal patrons.
